

HUNTING APPLICATION

PLEASE READ BEFORE FILLING OUT THIS APPLICATION!!!

Thank you for visiting Camp Honor and filling out our application to participate in one of our hunts or outings. This application is for our information purposes only. Our goal is to get veterans and first responders into the outdoors.

Please know that our hunts are guided with former veterans and/or first responders, and it is our goal to have an intensive group setting to share our hearts and fulfill our mission of building resilience. Our opportunities are mostly in the off-grid setting with limited outside communication. *We will be asking the recipient to let us bag all communication devices* (cell phones). This helps us connect with one another as well as the healing ability of nature. We are trained individuals in both mental health awareness and first aid. We will provide an emergency number in the event of unplanned emergencies at home. We will also take videos and pictures to document the hunt and to use to further the mission of Camp Honor.

What we need from you is to fill out the information below and send it in, along with a couple of other pieces of information. Please see the checklist below to make sure you have all documents in order. Applying for this program does not mean that you will get a hunt. Unfortunately, we get more applications than we have hunts, but you do stand a good chance. You may be thinking, "What are they looking for?" There is no set answer for that. We are looking for individuals who want to make a change in their life and Camp Honor feels that we can give them the tools to do so.

We will also need a short Bio from you. This Bio will be sent to the guides that you will be going with in order for them to know who is coming. We also need a couple of pictures, one or two in uniform and one as you look now, so we know who we are looking for. Many times in the pictures you are in a helmet and not much of your face is showing, so a current picture helps us.

LASTLY, PLEASE FILL OUT AS MUCH AS YOU CAN. The board makes selections, not everyone will get a hunt, so the more you fill out, the better your chances are. **Look at this application as being like a job application.** We prefer that you send this application via email, so please scan all documents and send them in one email. Partial emails will not be accepted.
